PO-TECH® · POWERING YOUR SOLUTIONS

Reliable components for fuel pickup attachment kits — wiring harnesses, relays, pickup assemblies, gaskets, and seals supplied from a single source.

Component SKU Catalogue

13 ITEMS

#	Component Name	Description & Function	Unique SKU
01	**Electrical Wiring Harness**	Connects electrical supply and control system to fuel pickup assembly.	po-tech-F7K2M9Q1
02	**Electrical Relay**	Controls electrical power distribution to the system.	po-tech-R4N8X2P6
03	**Electrical Connectors**	Provides secure electrical connections between components.	po-tech-C9W3L5T8
04	**Power Connector / Plug**	Connects the wiring harness to the electrical supply.	po-tech-P2D7H4V9
05	**Control Switch**	Enables manual activation or deactivation, if applicable.	po-tech-S6J1B8K3
06	**Fuel Pickup Assembly**	Main component responsible for fuel extraction from the tank.	po-tech-F8M4Q2Z7
07	**Sealing Gasket (Slotted)**	Provides sealing between pickup assembly and mounting surface.	po-tech-G3X9N6A2
08	**Sealing Gasket (Flat)**	Creates a leak-resistant sealing interface.	po-tech-G5T2R8W4
09	**Fuel Hose / Tube**	Provides flexible passage or protective covering for the fuel line.	po-tech-H7V3C9D1
10	**Mounting Fastener / Clip**	Retains and secures the corresponding component in position.	po-tech-M2K8F5Y6
11	**Mounting Screws**	Mechanically secures the assembly during installation.	po-tech-B9Q4J7L2
12	**O-Ring Seal**	Prevents fuel leakage at connection interfaces.	po-tech-O6Z3P8N5
13	**Cable Ties (Zip Ties)**	Organizes and secures wiring and hoses.	po-tech-T4W7D2X9
